

PRODUCT REPORT:

BAC 360™ Spray Nozzle

Reduce maintenance costs and ensure efficient equipment operation with BAC's non-clog nozzle. The BAC 360™ combines scatter diffusion technology with large nozzle orifice size, to create the most technologically advanced spray nozzle in the industry!

Spray Pattern

360™ Spray Nozzle

Features and Benefits

- › Ease of Maintenance
 - Easy snap in/out grommet design
 - Anti-scale design
- › Large non-clog orifice
- › Robust, durable construction
- › Universal alignment
- › No moving parts
- › Eliminates dry spots inherent in other designs

BAC 360™ Spray Nozzles can easily replace nozzles in existing BAC units and other manufacturers' units too!
